**Reporting & Analytics website:** Note: This is the same website, log-in and password that is used to complete your employee set up in Reporting & Analytics.

**Net-Chef login:** The website is specific for each Franchisee. Each network has their own unique URL, which was provided to the Franchisee via email from NCR.

**Remember:** All data and reporting available in Reporting & Analytics and Net-Chef is based on your set up of the system, the options you have selected and data your employees have entered into the POS system. Franchisees are solely responsible for their system set up and compliance with all applicable laws, including but not limited to those governing employment and labor.
